CREATE A PERFUME FROM A TO Z - FLEXIBLE QUANTITIES

Do you want to create a perfume for your brand?

Do you want to create a unique home fragrance, a "signature scent"?

Do you want to create a perfume for a special event (wedding, end-of-year gift...)?

We guide you step by step in the development of your unique fragrance from A to Z.

Our strength ? Our capacity to adapt to your quantities (from the small ones to the most important ones) and your budget.

YOUR FRAGRANCE PROJECT

We begin our collaboration with an in-depth exchange about your brand, the bottle design, and its packaging.

We craft your fragrance in collaboration with our partner perfumers in Grasse, whether it is a new creation, a development, or a reformulation.

We manage the complete sourcing of components - bottles, pumps, overcaps, finishes (lacquering, screen printing), labels, caps, boxes, etc. - from the suppliers best suited to your project and volumes.

We also oversee the full logistics and filling process, delivering a finished product ready to reach your customers.

Because every project deserves excellence, we offer you unique advantages to bring your scented creations to life:

- Guaranteed compliance: complete preparation of regulatory documentation.
- Flexible quantities: minimum order sizes tailored to your ambitions.
- French excellence: know-how rooted in the heart of Grasse, the world's perfume capital.
